Sustainability Management according to EMAS^{plus}

Wissenschafts- und Kongresszentrum Darmstadt GmbH & Co. KG

Schlossgraben 1
D-64283 Darmstadt

Certified locations: 1

The Environmental Verifier comprehensively verified the Sustainability Management, the Sustainability Review, its Results, the Sustainability Performance and the Sustainability Report of the organisations.

The documented audit has proven that the Management System and the Sustainability Report meet the requirements of the Sustainability Management System EMAS^{plus} according to the actual Guideline from November 2012.

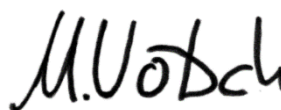

EMAS^{plus} requires a validated Environmental Management system according to EMAS and follows the principles and core areas of the international Guideline DIN ISO 26000 (Guideline for Social Responsibility).

The Certificate no. DE-W2021-01 is valid until 23th June 2024
