Darmstadt#ium: armstadt#ium:

*Paving the way
for tomorrow
today*

#Futuristic

Darmstadt is where science and research come together in a pioneering spirit.

Darmstadt: A digital city, software giant, the backbone of European space travel (ESA/ESOC), a science city, a university city (three universities), a research centre (approx. 25 research institutes) and the headquarters of some renowned global corporations (GSI FAIR, EUMETSAT, Merck KGaA, Deutsche Telekom AG, Software AG, Alnatura and Schenck Process).

Darmstadt ranks second in Germany in the 'demography' category for future prospects and is one of Germany's top 10 digital hotspots.

*"Darmstadt
is Germany's answer
to Silicon Valley."*

#Meet

The driving force in the city of science and digitalisation: The future meets in darmstadtium.

Darmstadt has held the title of city of science since 1997 and was chosen to become a model digital city in 2017. A city of the future experiencing ongoing transformation. darmstadtium is a congress centre that serves as a modern, ground-breaking meeting place and space for networking, bringing together innovative forces from the fields of science and industry.

DO IT YOUR WAY!

The remarkable technology in our congress halls and conference rooms offers great flexibility.

GO GREEN!

When it comes to sustainability, darmstadtium is one of the world's most modern event venues.

GET CONNECTED!

Superb IT infrastructure in the truest sense of the word.

GET INSPIRED!

Develop new ideas for your business in futuristic and transparent surroundings.

DARMSTADT IS...

#KNOWLEDGE #CULTURE #LIFE

Darmstadt is a modern, vibrant conference city with a rich culture. Museums, theatres, clubs and the Vivarium zoo are just some of the offerings that inspire its visitors.

The Mathildenhöhe, a citadel of Art Nouveau and synthesis of the arts, consists of a wedding tower, museum, artists' houses and the Platanenhain, and is set to become a World Heritage Site.

● Four well-known international hotel chains currently have projects in the pipeline or under construction, the first of which is to open in 2018.

● Social programmes in Darmstadt combine knowledge and culture in diverse ways, with themes ranging from the fossil ancestors of modern horses (Messel Pit World Heritage Site) to the Venus Express Mission (ESA/ESOC).

● Darmstadt offers event planners an abundance of attractive venues for fringe events: from a trendy industrial space to small baroque castles, down to underground clubs or high up in skyscraper lounges.

● Darmstadt has excellent transport links. IC and ICE trains call at Darmstadt main station (Hauptbahnhof). Frankfurt Airport is only a 20-minute drive away. The Air-Liner bus provides direct links from the airport to darmstadttium, with over 30 shuttles per day.

● Up to 1,500 hotel rooms are available within a two-kilometre radius in Darmstadt. Darmstadt's current total capacity is over 2,100 rooms. A modern 4-star hotel with 208 rooms is located in close proximity to the Science and Congress Centre.

● Darmstadt is located at the heart of Europe, in the centre of the Rhine-Main/ Rhine-Neckar metropolitan region, and is only a 20-minute drive from Frankfurt's international airport. Public transport conference tickets, e-bikes, call-a-bike, or rent-a-car services are available for you to get around Darmstadt.

AND EASILY ACCESSIBLE

#02 / Scalability

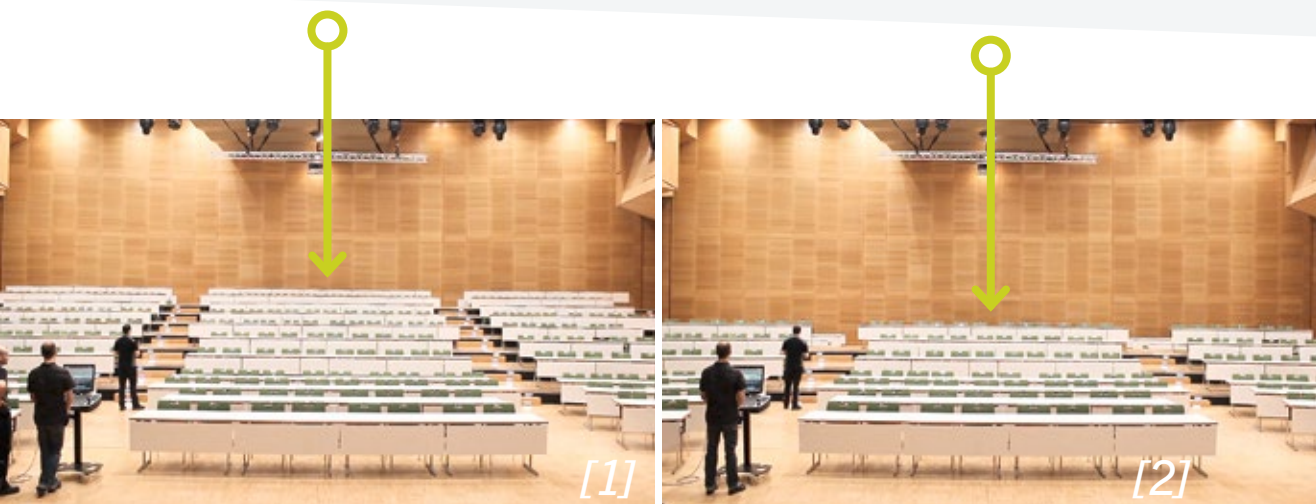

WITH OUR TECHNOLOGY, ANYTHING IS POSSIBLE

Design scalability throughout our premises makes (almost) anything possible. Our large congress hall 'spectrum' truly offers the entire spectrum of possibilities. Yet a high degree of flexibility characterises all the rooms in our building.

- | For example, 'ferrum', our small congress hall, can be accessed via a separate entrance upon request.
- | It goes without saying that flexible combinations also apply to the conference rooms in darmstadtium.
- | Not only that, but our consistent employment of the latest multimedia technology offers plenty of room for you to experiment.

spectrum: an all-round winner

- | The spectrum congress hall can be divided into two or three smaller rooms.
- | Raised seating platforms allow the hall(s) to be quickly converted into a tiered auditorium (e.g. for conferences, concerts or spectacular staging) or an entirely horizontal parquet surface (e.g. for a gala or exhibition).
- | A lifting gate allows the congress hall to be opened up onto the spacious entrance foyer.
- | The surrounding foyer areas can be used for a variety of purposes, e.g. for accompanying exhibitions etc.

**GET
CONNECTED!**

*Quality IT at
your fingertips!*

IT-HOTSPOT: GET CONNECTED

Over the past few years, darmstadtium has led the way in the event planning industry when it comes to the connectivity revolution, offering event organisers and guests first-class internet access over its high-performance wireless network. 3G and 4G connections can be accessed in all areas of the building, including the underground garage.

Our collaboration with TU Darmstadt also enables us to offer visitors an external internet connection with download speeds of up to 10 gigabytes. Our wifi solution with self-contained network management and security features has proven a huge hit with customers.

It's easy to see why event organizers who are planning to host sophisticated user conferences and product presentations choose darmstadtium. We not only offer the best in hard- and software, but also dedicated customer care and first-class IT support, thanks to our own team of in-house specialists. No need to rent hardware, no time-consuming set-up, cabling and dismantling work – as soon as you arrive, you can log onto a functional, fully tested, fast and secure network.

- | State-of-the-art network technology at the level of a major provider
- | High-speed internet with coupling ensures that downtime is highly unlikely
- | Wireless network available across the building with 100 central control access points
- | 802.11ac Wave2 wifi standard extended further
- | VLAN technology to allow the cost-efficient creation of customer networks
- | High-level ongoing technical development

INTERNATIONAL AWARD-WIN FOR DARMSTADIUM

For its first-class digital infrastructure, which sees continuous improvement, the darmstadtium received the INCON Digital Infrastructure Award 2014, with Melbourne and Amsterdam trailing behind in 2nd and 3rd place respectively.

“ ”

*“Here, we find ourselves
in the midst of techno-
logical innovation; you
could say we’re on the
cutting edge of today’s
possibilities.”*

ECO-FRIENDLY CONFERENCES

darmstadtium is a vanguard project for sustainability, the conservation of resources and smart energy use and is thus well placed as a future-oriented, climate-friendly conference venue.

darmstadtium's sustainability concept is a dynamic interplay of architectural and technological features. Renewable energy sources such as photovoltaic cells, ground heat and biomass have been integrated into its energy system, which also employs rainwater and heat recovery.

- | The premises' own biomass boiler runs on locally sourced woodchips.
- | Hydropower provides 100% of our green energy supply.
- | Together with its climate partner Entega, darmstadtium compensates for all stationary CO₂ emissions from the events held in the congress centre.
- | Green Arrival: We co-operate with Deutsche Bahn to allow for CO₂-neutral travel to our conference centre and offer a public transport conference ticket to get around Darmstadt conveniently.
- | Complimentary use of two in-house electrical charging points using green energy.
- | With an abundance of certificates and memberships from sustainability organisations, darmstadtium is currently striving to become the first congress centre to be awarded EMASplus certification.

*Host of the Deutscher Umweltpreis
[German environmental award]
prize ceremony 2021*

GO
GREEN!

#05 / Room options

Sits up to 1,677

Can be used in a horizontal arrangement or as an auditorium

Raised seating platforms enable creative staging

Can be divided into three rooms

*To accommodate
750/230/230 guests*

Ceiling height: 11 metres

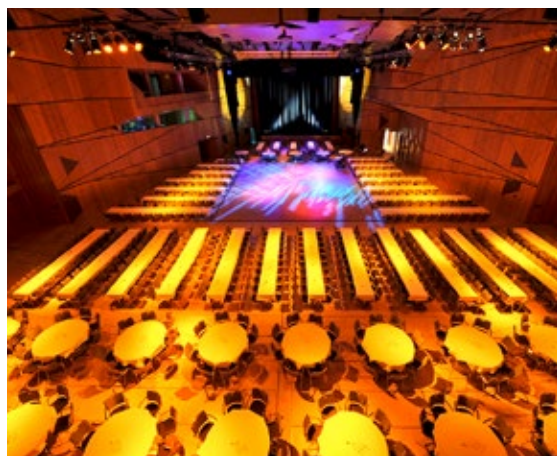

SPECTRUM CONGRESS HALL

The 'spectrum' congress hall can be divided into two or three rooms if required. Raised seating platforms allow the hall(s) to be quickly converted into a tiered auditorium or a horizontal parquet surface.

This seating arrangement is ideal for spectacular product presentations beyond the stage area. Depending on the room configuration, the gallery can lead seamlessly into the auditorium.

- | Heavy-duty raised platforms in the stage area
- | State-of-the art multimedia and stage technology
- | Stage size is adaptable
- | Large-scale lifting gate leading to entrance foyer

#05 / Room options

650m²

Tiered cinema seating

Room height: 6.10 m

Adaptable stage

Folding business tables

Separate entrance

FERRUM CONGRESS HALL

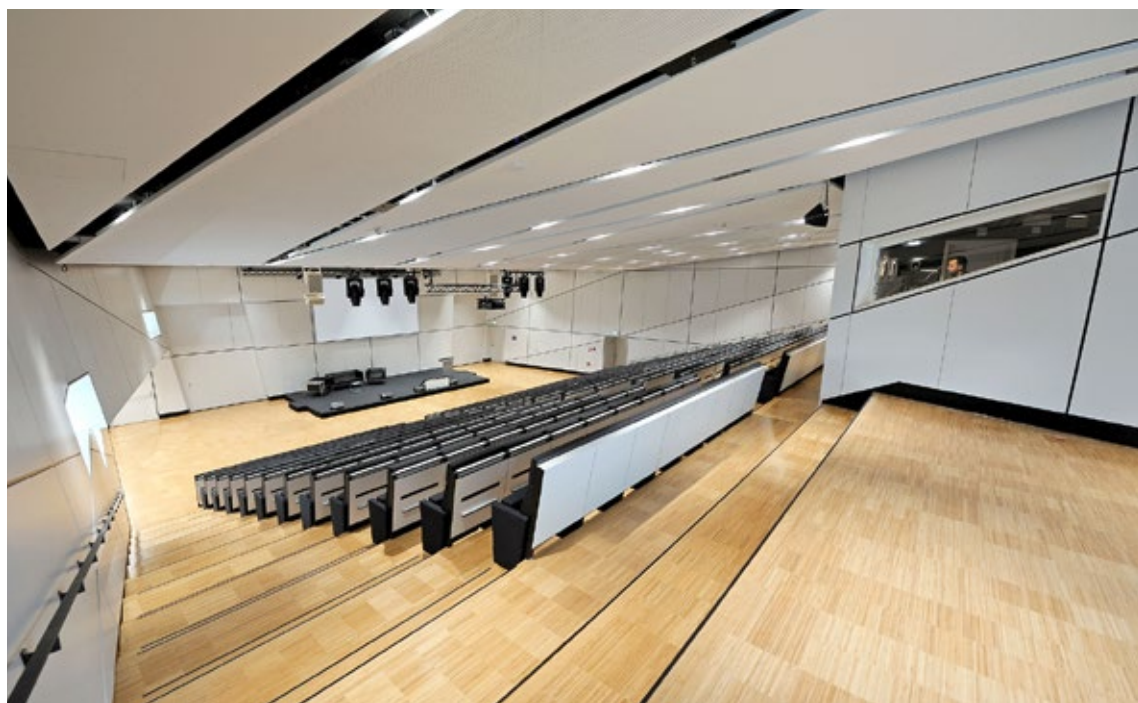

Covering 650m², ferrum accommodates up to 383 delegates (281 with fixed and 102 with portable seating) in a tiered seating arrangement with folding business tables. With its additional foyer space across two floors, toilet facilities, cloakroom and separate entrance, ferrum offers extra space for smaller congresses, conferences and presentations.

- | Folding business tables with their own power supply
- | Natural daylight
- | Latest multimedia technology
- | Modern PA system and lighting
- | Bespoke colour co-ordination in line with corporate branding possible
- | Wifi throughout the building
- | Blackout facilities
- | Bamboo parquet flooring
- | Adaptable partition walls between hall and foyer
- | LAN connection (high speed)
- | Floor boxes (power and LAN connections)
- | Built-in space for brochures – can also be used to store laptops

*Folding business table
with own power connection*

WHAT OUR CUSTOMERS SAY:

"The centre and the entire team demonstrate flexibility, reliability, hospitality and capability. Working with this excellent team on their premises proved to be a very pleasant experience! Thank you so much for being flexible, adaptable and for ensuring our event ran smoothly throughout the week."

TOBIAS MUND
DIRECTOR
WHITE ELEMENTS GMBH

"FIRST OF ALL,

my sincere thanks for hosting such a successful event! Please pass on our thanks to all of your employees. Despite our last-minute planning, everything turned out perfectly, and we were highly satisfied and felt very relaxed in your capable hands."

EVENT PLANNER
MOBILITY PROVIDER

"The 'Weitsicht' festival was great! Thanks for your excellent work! We look forward to working with you over the coming years. A big thank you to all involved! The festival offers Darmstadt and the darmstadthium itself something truly special. It connects people from far and wide, beyond the borders of the Rhine-Main area, creating special moments, happiness and a sense of optimism for many of its visitors."

DIETER GLOGOWSKI
VERANSTALTER WEITSICHT FESTIVAL

“Innovation comes about only through a successful marriage of business and science. The Rhine-Main region is ideally placed to facilitate this through a communication platform such as darmstadtium. In the coming year, for example, Software AG is planning to hold a multitude of international meetings and conferences at darmstadtium.”

KARL-HEINZ STREIBICH
CEO OF SOFTWARE AG

“DARMSTADTIUM

really suits a global science city such as Darmstadt. A futuristic, almost ‘space-age’ building, spacious rooms, reliable technology and a talented management team make the ideal setting for large specialist conferences and PR events.”

BERNHARD L. VON WEYHE
PRO, ESA EUROPEAN SPACE AGENCY

“Rooms, location, building, restaurant – all of the delegates were delighted and enthusiastic about the offerings. Dinner was fantastic and the crew was great.”

DAGMAR BLANK
PLEXUS DEUTSCHLAND GMBH

“darmstadtium has a really positive ‘aura’ about it (thanks to its staff, rooms and architecture), and that shines through in the events themselves! Very hospitable staff, great flexibility, and top-notch rooms and technical equipment.”

SANDRA KUHN
MARKETING AND COMMUNICATION
HORIBA EUROPE GMBH

#05 / Room options

21 conference rooms

Highly adaptable with multiple configurations

Up to 300 delegates per conference rooms

Caters for a total of 1,300 guests

State-of-the-art technology

CONFERENCE ROOMS

Levels 2 and 3 of the centre's west wing have 18 conference rooms (of the 21 in total), which can accommodate up to 1,300 guests.

The conference rooms are separated by mobile, sound-proof partition walls and are highly adaptable in terms of combinations. Depending on the room configuration, up to 300 guests can be seated classroom-style.

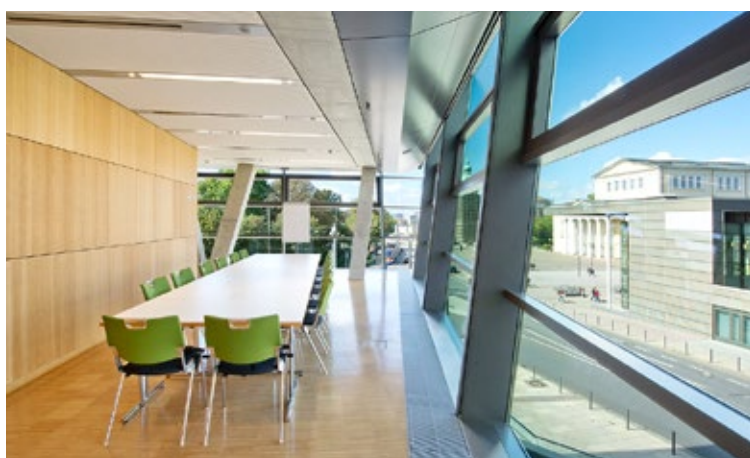

Further equipment:

- | Blackout facilities
- | Modern PA system
- | Modern lighting equipment
- | 1 gigabyte Ethernet
- | VLAN technology throughout the building allows customers to connect to their own network
- | Wifi standard 802.11ac Wave2
- | Full HD projector

TITANIUM 3: *our three-room configuration caters for up to 300 delegates*

#05 / Room options

Modern design

Perfect for an exclusive setting

337m²

Accommodates 140 guests

Access to Calla restaurant

The background image shows a modern lounge area. In the foreground, there are several large, curved chairs in vibrant colors like lime green and deep purple. A small, round wooden table is partially visible. In the background, two people are seated, looking towards the right. The ceiling is white with several circular recessed lights. The overall atmosphere is contemporary and sophisticated.

DARMSTADTIUM LOUNGE

The darmstadtium lounge is the ideal setting for exclusive and intimate events. It offers guests an innovative and inspiring atmosphere for informal and personal networking, lively discussion or simply to relax.

The easy way to spoil your VIP guests:
Our fully furnished and equipped lounge is just waiting for you to arrive. Tailor-made décor in line with your requirements can also be arranged.

The lounge at darmstadtium has its own entrance to the adjoining Calla Neo Bar.

#05 / Room options

atrium and foyers

2,750m² on Levels 0 and 1

900m² foyers on Level 3

Roof terrace offering spectacular views

Options available for forecourt

ATRIUM, FOYERS AND FORECOURT

Next to darmstadtium's imposing atrium with its fascinating Calla, the congress centre boasts even more spacious foyer areas arranged around the congress hall. The atrium and the foyers on Level 1, which surround the spectrum congress hall, form an area of approx. 2,750 m².

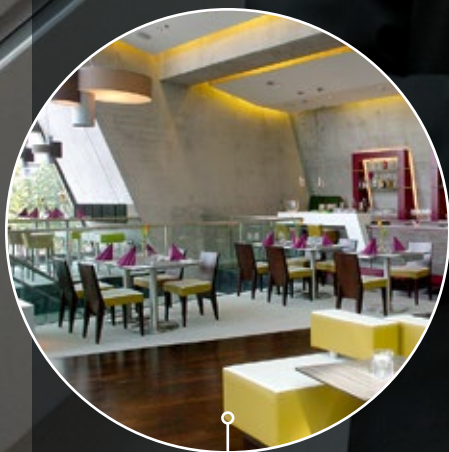

- | The foyers on Level 3, extending to an area of 900 m², are particularly suitable for accompanying exhibitions.
- | The east foyer on Level 3 can be furnished with banquet-style seating for galas, offering a breath-taking atmosphere in which to celebrate.
- | All of the foyer areas are suitable for catering.
- | On Level 0, the rooms copernicium and dynamicum can be connected to the foyer areas.

The **forecourt** is equipped with a LAN connection, floor boxes and a power supply point.

#06 / Customer service

CALLA

The restaurant at darmstadtium.

Whether it's a congress, conference, company AGM or an incentive event, each occasion requires professional organisation and detailed planning. Benefit from our dedicated support team and bespoke services at darmstadtium to make your event a reality.

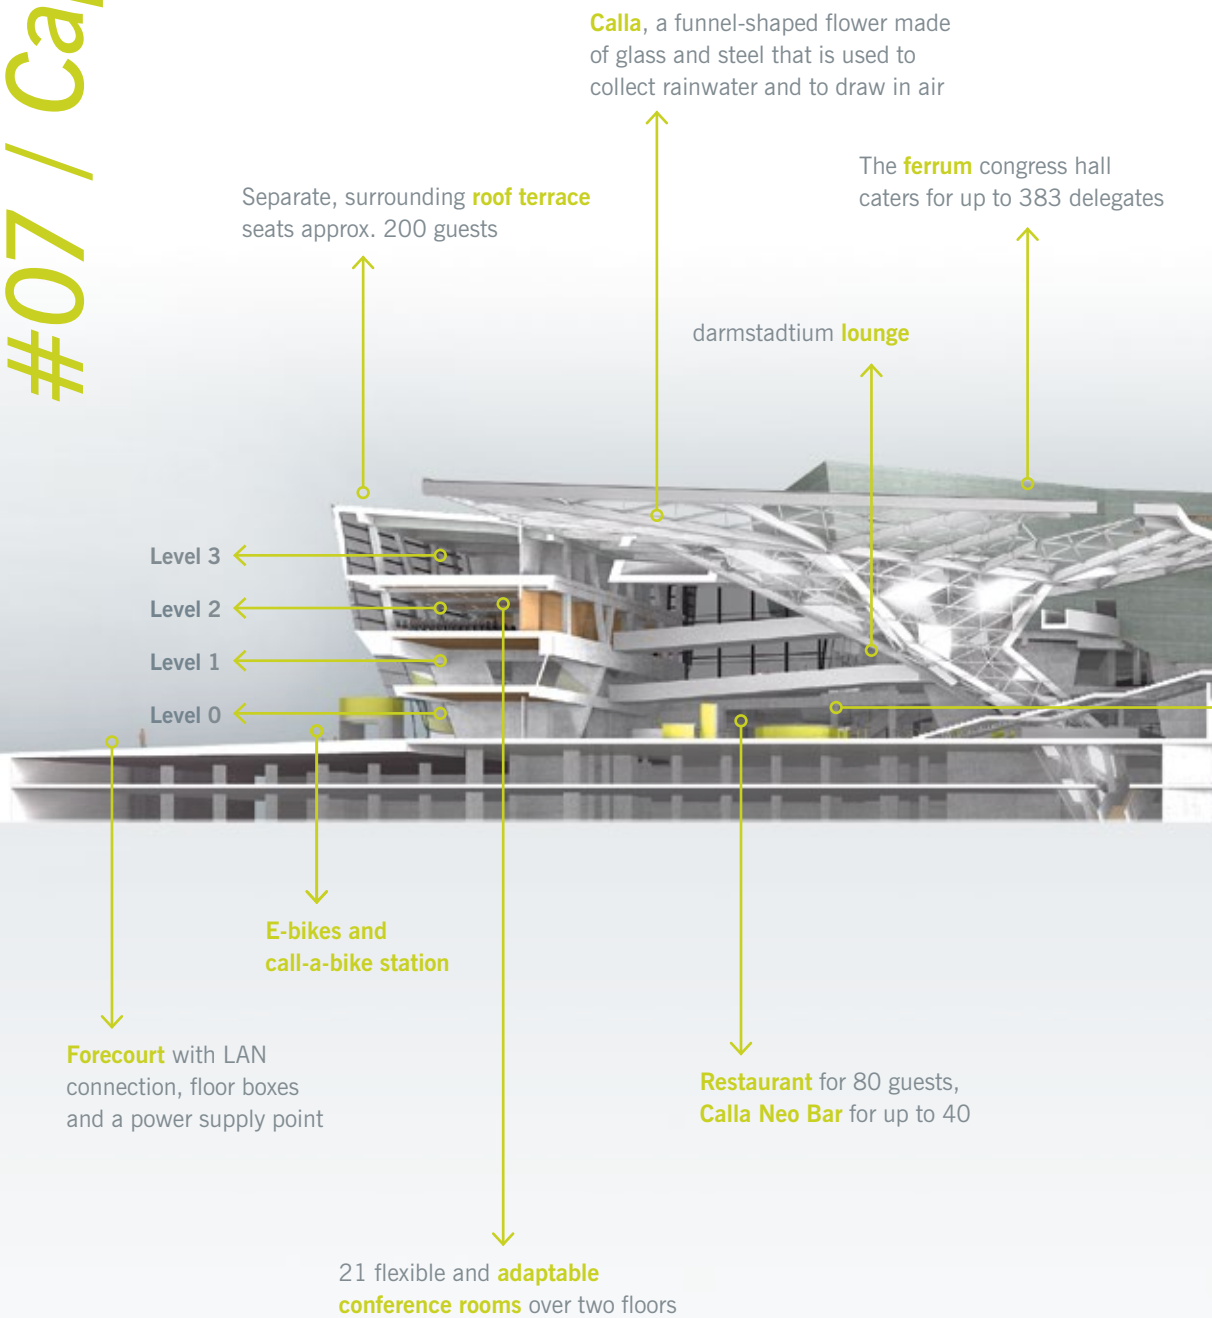

Foodies will be spoilt for choice at our Calla restaurant and adjacent Calla Neo Bar. darmstadtium also offers contemporary and flexible catering services. Our two catering partners can fulfil anything from the smallest to the greatest of requests.

WINNING SMILES AND PERSONALISED SERVICE

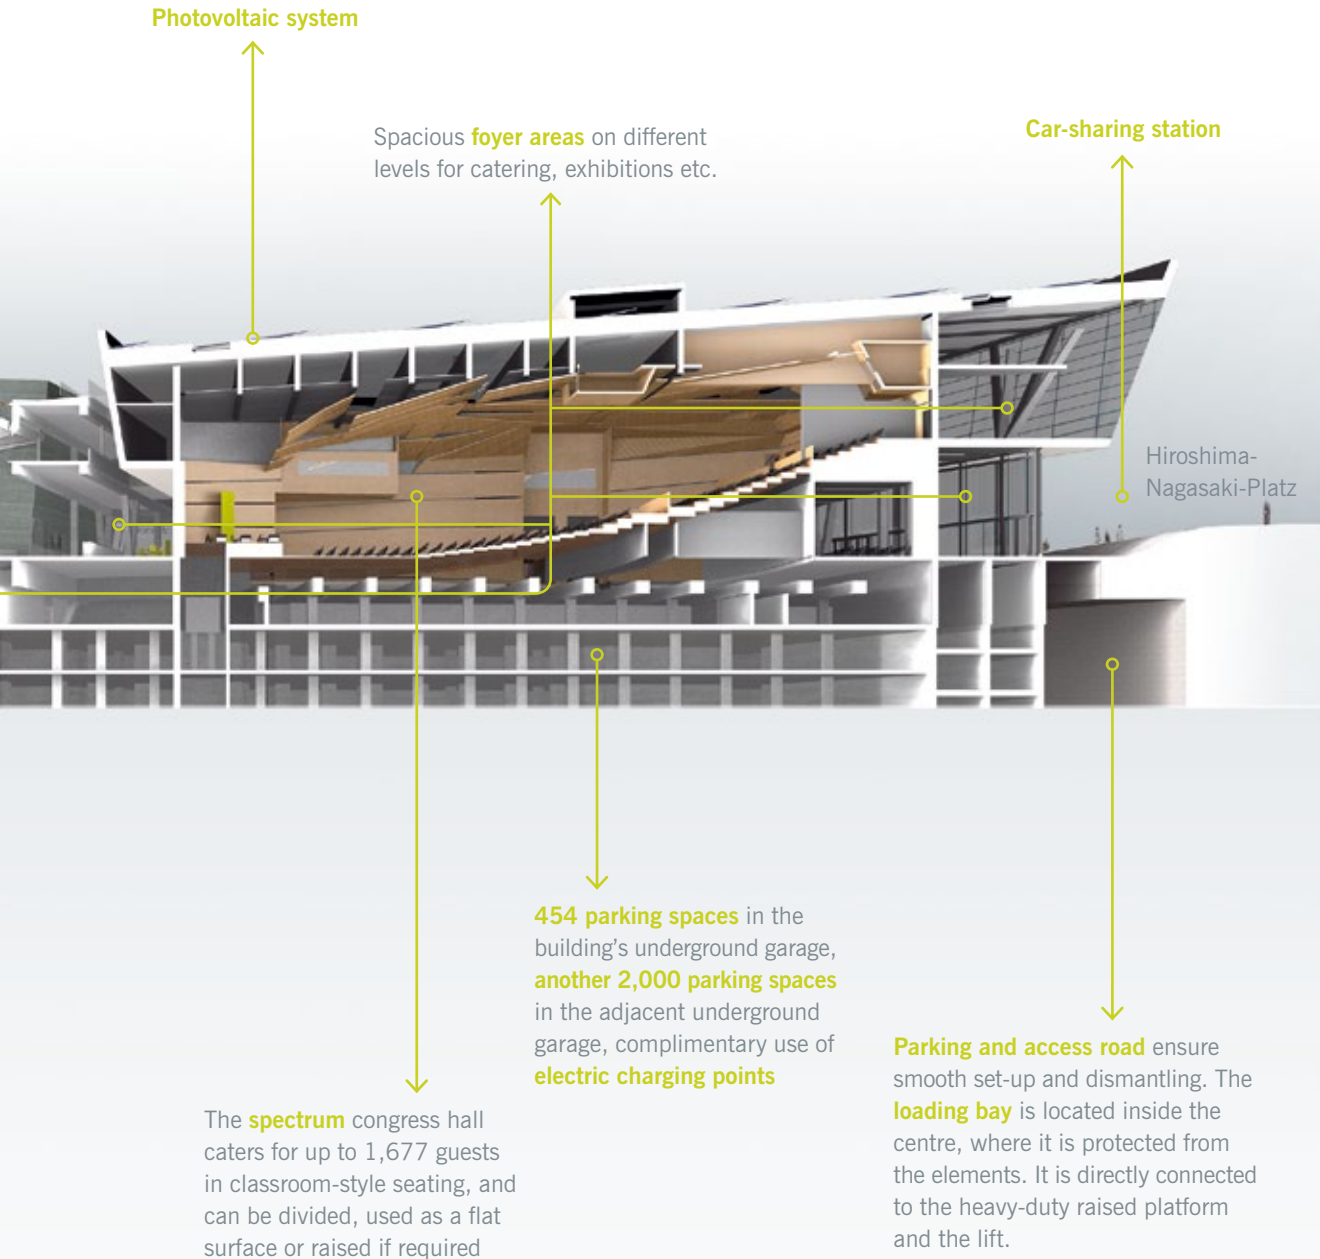

We are happy to assist you in all areas of event design, planning and organisation, and during the event and in follow-up activities. The following are some of the services we offer upon request:

- | Hotel reservations and bookings
- | Organisation of social programmes
- | Organisation of shuttle services
- | Stand construction and design
- | Holistic PCO services include the crafting of professional conference documentation, development and provision of event programmes, banners etc.

**GET
INSPIRED!**

CONGRESS CENTRE AT THE HEART OF GERMANY

darmstadtium is conveniently located in the centre of the Rhine-Main/Rhine-Neckar metropolitan region.

Travel by rail

IC and ICE trains call at Darmstadt main station (Hauptbahnhof). From here, you can travel directly to the congress centre in only five minutes.

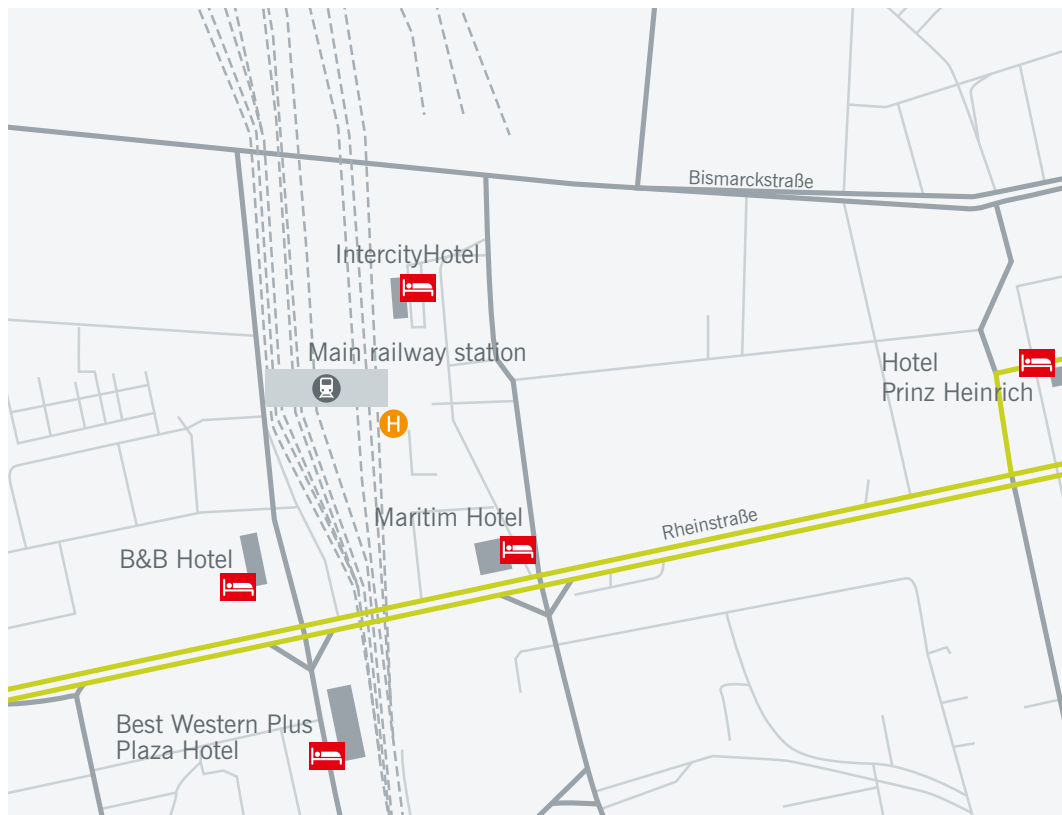

Our suggestion: Green Arrival

Arrive fresh – travel sustainably. Book now with Deutsche Bahn to secure the best possible price!

- | Event ticket at a fixed price nationwide from any DB station
- | Together with Deutsche Bahn, darmstadtium offers you special rates, providing for a relaxing journey in comfort

Travel by air

darmstadtium can be reached from Frankfurt am Main International Airport by car in around 20 minutes. The AirLiner also offers a direct connection between Kongresszentrum Darmstadt and Frankfurt airport.

Travel by car

The science city of Darmstadt has several direct connections to the A5 and A67 motorways.
The congress centre is located in the city centre.

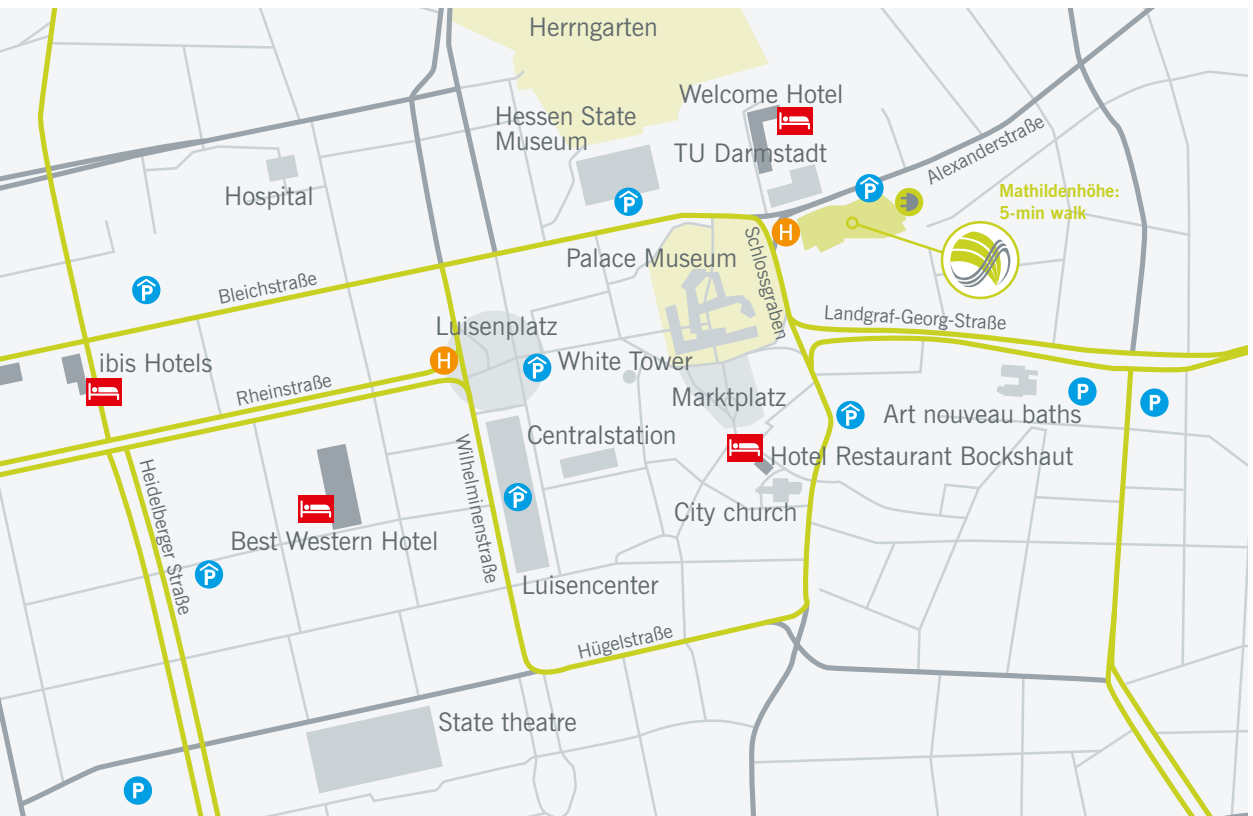

You can rent **e-bikes** at darmstadtium itself, and there is a **car-sharing station** and call-a-bike station for **bicycles** in close proximity to darmstadtium. Detailed route maps, a link to the DB event ticket and further useful travel information can be found at www.darmstadtium.de/en/arrival.

Hotels

- | Modern 4-star hotel with 208 rooms directly on our doorstep
- | 1,500 hotel rooms within a two-kilometre radius
- | Total of approx. 2,100 rooms available in Darmstadt (as of 2017)

Disabled access and the provision of unrestricted access to all rooms were considered important factors when planning and constructing darmstadtium. In March 2017, the Darmstadt Science and Congress centre was inspected and certified as an operation with full accessibility in accordance with the 'Reisen für Alle' (Travel for everyone) grading system of the HA Hessen Agentur GmbH.

Hotel Multi-storey car park Car park AirLiner bus stop Electric car charging point

1,000 M² EVENT SPACE IN TRADITIONAL INDUSTRIAL ARCHITECTURE STYLE

- | Unique atmosphere for evening events, catering for up to 1,200 guests
- | 1,000 m² outdoor area
- | State-of-the-art technology: acoustics, lighting, projector and internet
- | 450 m² hall with 7-metre high ceiling
- | Third-floor hall: festive setting for special occasions
- | Chill-out lounge on second floor

An evening function in Centralstation is the perfect way to round off the day's events at darmstadtdium. It is only a five-minute stroll to Centralstation. We'd be delighted to put you in direct contact with our partner venue.

THE PERFECT ADDITION TO YOUR EVENT: CENTRALSTATION PARTNER VENUE

#10th anniversary of darmstadtium

darmstadtium thanks all of its customers and guests for 10 years of business!

10 years of success and satisfied customers

- | Over 3,200 events
- | Over 1.45 million visitors
- | 99% customer satisfaction levels
- | One of the world's coolest congress centres (SmartMeetings 2017)
- | One of the ten best destinations in Europe for events with 1,000+ delegates (Event Manager Blog 2016)
- | One of Germany's most popular congress centres for the organisation of marketing events (BlachReport 2016)
- | Continuous improvement in ICCA ranking on a global and European scale

10 years of sustainability

- | Conservation of around 9,000 tonnes of Co₂ through smart energy concept employing ground heat, biomass, solar panels and rainwater
- | First German congress centre awarded the DGNB certificate in silver for the building's entire sustainability performance (German Sustainable Building Council)
- | First prize in 'Büro und Umwelt 2014' (Office and environment) competition

10 years of top connectivity

- | Event industry leader in the connectivity revolution providing first-class internet access at the level of a major provider
- | Recipient of international INCON Digital Infrastructure Award 2014
- | Ongoing development, including the further extension of wifi standard 801.11ac Wave2, for example

M.I.L.E.S.T.O.N.E.S

2007: Launch

2008: Customers/events with us from the very start: hobit, konaktiva, Weitsicht, AGM of Software AG etc.

2010: Green Globe Certification

2011: Achievement of 100 % green energy use

2012: darmstadtdarm becomes the world's first congress centre to be DGNB-certified

2013: Georg Büchner regional exhibition

2014: Opening of ferrum, a small congress hall
INCON Digital Infrastructure Award

2015: Direct links to FFM Airport (Frankfurt) via the AirLiner

2017: 'Reisen für Alle' award
